EMS Demographic Surveys

If your ambulance service has not submitted the EMS demographic survey that was mailed last fall, please visit the following website to complete the survey: <https://han.ne.gov/survey>
Pin Number: ems

It is very important that every squad in the state completes this survey. There are currently 25 services in the northeast region that have not submitted a survey. I will be following up with these squads by phone. If you are unsure if your service has completed the survey, or if your service does not have internet access and you need a paper copy, please contact Jason Olesen.
